

Site selection criteria		RAG rating			Evidence
		<i>A traffic-light system is to be applied to the assessment criteria with a positive assessment classified green, or if mitigation might be required, amber. Some criteria are given extra weight by enabling them be classified 'red' if significant mitigation is required or more serious issues emerge.</i>			
Site availability	Availability of site	Site owner has said that the site is definitely available during the plan period.	Site owner has said that the site is likely to be available at some point during the plan period.	Site owner has said that the site will definitely not be available during the plan period.	From landowner/ developer
		Site in single ownership.	Site in multiple ownership or with minor issues which can be resolved.	Sites in multiple ownership with unwilling partners.	
Rural identity and needs	Site capacity**	Site is capable of making a significant contribution towards addressing Horsted Keynes's housing needs.	Site is capable of making a limited contribution towards addressing Horsted Keynes's housing needs (has 4 or more dwellings so should provide on-site affordable housing).	Site is not capable of making any contribution towards addressing Horsted Keynes's housing needs (has less than 4 dwellings so will not provide any affordable housing).	
		Site is not of a size that would mean Horsted Keynes's identity as a village would materially change.	Site is of a size that could mean Horsted Keynes's identity as a village would materially change but developer potentially willing to sub-divide and provide a smaller site.	Site is so large that it would mean Horsted Keynes's identity as a village would materially change and developer unwilling to sub-divide and provide a smaller site.	
Land use	Site configuration	Site does not significantly extend the settlement area of Horsted Keynes village		Site significantly extends the settlement area of Horsted Keynes village	
	Brownfield/greenfield	Site is brownfield, i.e. is or was occupied by a permanent structure, including the curtilage of the developed land and any associated fixed surface infrastructure.	Site is greenfield, i.e. land that is or has been occupied by agricultural or forestry buildings; land in built-up areas such as private residential gardens, recreation grounds and allotments.		
	Existing use	Vacant site (including agriculture)	Existing use with a reasonable prospect of being relocated.	Loss of community asset	
Transportation	Access to village centre services (post office, shop, village green)*	Walking distance to village centre 400m or less	Walking distance to village centre between 400m and 800m	Walking distance to village centre more than 800m	
	Access to primary school*	Walking distance to primary school 500m or less	Walking distance to primary school between 500m and 2,000m	Walking distance to primary school more than 2,000m	
	Access to public transport*	Walking distance to nearest bus stop 400m or less	Walking distance to nearest bus stop between 400m and 800m	Walking distance to nearest bus stop more than 800m	

	<b>Public rights of way (PROW)</b>	Development would have no impact on a PROW.  Development would be able to make improved PROW linkages.	PROW affected but can be routed through public open space and segregated from estate roads and footways.	PROW requires significant diversion or extinguishment.	West Sussex County Council PROW mapping
	<b>Footways</b>	There are existing, safe footpaths/pavements accessing the site that provide links to the village centre.	It is possible to create new, safe footpaths/pavements from the site to the village centre.	There is little potential to provide safe footpaths/pavements from the site to the village centre.	
	<b>Linkages</b>	Site provides opportunities to integrate with rest of village by providing new foot/cycle linkages across the site and into existing neighbourhoods.	Site has no or limited connections with neighbouring areas.	Existing routes are blocked or re-directed preventing people from walking through the site to get somewhere else.	
	<b>Highways access</b>	An appropriate and safe access can be provided.	An appropriate access can be provided but only with major improvements that could compromise site deliverability.	An appropriate access cannot be provided.	West Sussex County Council Highways Department comments
	<b>Impact of traffic on village centre</b>	Shortest route to strategic road network avoids village centre	Shortest route to strategic road network is through the village centre but scale of development unlikely to create significant additional traffic.	Shortest route to strategic road network is through the village centre	
<b>Heritage assets</b>	<b>Listed building</b>	Development would not harm, or could enhance, a Listed Building or its setting.	Mitigation measures would be required to ensure that development would not harm a Listed Building or its setting.	Development would harm a Listed Building or its setting.	English Heritage comments
	<b>Conservation Area</b>	Site outside Conservation Area and does not affect it	Site within or likely to impact on setting of Conservation Area.	Development would harm Conservation Area	English Heritage comments
<b>Natural Environment</b>	<b>Site of Special Scientific interest</b>	Site does not affect SSSI	Mitigation measures would be required to ensure that development would not harm a SSSI	Site contains all or part of a SSSI	Mid Sussex District Council mapping
	<b>Site of Nature Conservation Importance</b>	Site does not affect SSCI	Mitigation measures would be required to ensure that development would not harm a SSCI	Site contains all or part of a SSCI	Mid Sussex District Council mapping
	<b>Local Wildlife Site/Local Nature Reserve</b>	Site does not affect an LWS/LNR	Mitigation measures would be required to ensure that development would not harm an LWS/LNR	Site contains all or part of an LWS/LNR	Mid Sussex District Council mapping
	<b>Ancient Woodland</b>	Site does not affect Ancient Woodland	Mitigation measures would be required to ensure that development would not harm an Ancient Woodland	Site contains all or part of an Ancient Woodland	Mid Sussex District Council mapping
	<b>Tree Preservation Area</b>	Site does not affect a TPO tree	Mitigation measures would be required to ensure that development would not harm a TPO tree on site or immediately adjacent.	Development would harm a TPO tree on site or immediately adjacent.	Mid Sussex District Council mapping
	<b>Important hedgerow</b>	Site does not affected an Important Hedgerow.	Partial removal of an Important Hedgerow required.	Development would require the removal of all or most of an Important Hedgerow.	

Water	Flood zone	Site in Flood Zone 1	Site in Flood Zone 2	Site in Flood Zone 3	Environment Agency mapping
Landscape and green infrastructure	<b>Landscape character</b>	Significant characteristic elements of the landscape/ settlement will be unaffected.	Some characteristic elements of the landscape/settlement will be liable to loss.	Significant characteristic elements of the landscape/settlement will be liable to loss.	Mid Sussex Landscape Character Assessment and 'Capacity of Mid Sussex District to Accommodate Development' report
	<b>Safeguarding important views and landmarks</b>	Important views and landmarks would be unaffected by development of the site	Important views and landmarks could be protected subject to the layout and design of development.	Important views and landmarks would be adversely affected by development of site.	Mid Sussex Landscape Character Assessment and 'Capacity of Mid Sussex District to Accommodate Development' report
	<b>Protecting the landscape setting of Horsted Keynes</b>	<p>Land considered appropriate for development in landscape terms. Land is contiguous with the existing settlement edge.</p> <p>Land would include one or more of the following:</p> <ul style="list-style-type: none"> <li>- Flat or shallow sloping land which is not highly visible from a distance; and can be mitigated through planting;</li> <li>- Land visible from a limited number of properties or viewpoints; which can be mitigated through planting;</li> <li>- Land already affected by infrastructure or disturbed, derelict or damaged land.</li> </ul>	<p>Land considered to have the potential for consideration of development in landscape terms. Land is contiguous with the existing settlement edge.</p> <p>Land would include one or more of the following:</p> <ul style="list-style-type: none"> <li>- Land including ridgelines which are not fully visible;</li> <li>- Sloping land which is partially visible or partially concealed by woodland and where visual impact can be mitigated with planting;</li> <li>- Small enclosed fields adjoining the settlement edge where visual impact can be mitigated with planting.</li> </ul>	<p>Land considered unsuitable for development in landscape terms. Landscape character should be protected through the prevention of development. Land is separate from the existing settlement edge.</p> <p>Land would include one or more of the following:</p> <ul style="list-style-type: none"> <li>- Ridgelines, hilltops and visually prominent hillsides;</li> <li>- Steep valley sides and river valleys or corridors including floodplains;</li> <li>- Ancient Woodland, woodland blocks, significant tree belts, hedgerows and locally distinctive vegetation patterns.</li> </ul>	High Weald AONB Board comments Mid Sussex District Council landscape officer comments
	<b>Area of Outstanding Natural Beauty</b>	Development would not have an unacceptable impact on the AONB.	Development may not have an unacceptable impact on the AONB, depending on layout of development.	Development would have an unacceptable impact on the AONB.	High Weald AONB Board comments
	<b>Green infrastructure</b>	<p>Opportunity to increase opportunities for public access to the countryside.</p> <p>Opportunity to provide green open space on site and developer is willing to make provision.</p> <p>The site does not affect the setting of the village green.</p>	<p>No/limited opportunity to increase opportunities for public access to the countryside.</p> <p>Limited opportunity to provide green open space on site and developer willingness to make provision is uncertain.</p> <p>The site does not affect the setting of the village green.</p>	<p>Development would reduce existing opportunities for public access to the countryside.</p> <p>No opportunity to provide green open space on site or developer unwilling to make provision.</p> <p>The site does affect the setting of the village green.</p>	

<b>Community infrastructure</b>	<b>Community facilities***</b>	The site is capable of accommodating community infrastructure and is in a location that would serve the majority of the existing community	The site is capable of accommodating community infrastructure but is not well located to serve the majority of the existing community	The site is not capable of accommodating community infrastructure	
<b>Business and commercial</b>	<b>Retail/local facilities and employment premises</b>	The site can provide viable new retail/local facilities or small-scale employment premises	The site may be able to provide viable new retail/local facilities or small-scale employment premises but there could be issues of viability or it is not well located.	The site has no prospect of providing viable new retail/local facilities or small-scale employment premises	
<b>Energy and communications</b>	<b>Communications</b>	The site provides a suitable location for the siting of a mobile phone mast	The site provides an inappropriate location for the siting of a mobile phone mast		Mobile phone providers
	<b>On-site community energy</b>	The site is capable of providing an on-site community energy scheme	The site is capable of supporting an off-site community energy scheme	The site is not capable of supporting an off-site community energy scheme or providing an on-site scheme	From landowner/developer

### Assessment

<b>Positive</b>
<b>Neutral</b>
<b>Negative</b>

### Notes

\* This is based on the following guidance provided by the Institute of Highways and Transportation:

	Facilities, e.g shops, bus stop.	Commuting / school	Other
Desirable	200m	500m	400m
Acceptable	400m	1000m	800m
Preferred maximum	800m	2000m	1200m

Source: Guidelines for Providing for Journeys on Foot (IHT 2000)

\*\* Assessment of affordable housing provision is based on the MSDC emerging Local Plan policy on affordable housing - Policy DP29 in the withdrawn Local Plan - which reflects the emerging approach to delivering on-site affordable housing.

\*\*\* 'Community infrastructure' includes, but is not limited to, community centres, play and youth facilities, sports and leisure facilities (indoor and outdoor) and allotments.
